LaserPerformance
www.laserperformance.com

Bug - \$3,020.00 and Bug Race - \$3,190.00

The Bug is the newest addition to the LaserPerformance family. Excellent hydrodynamics and outstanding upwind performance push the Bug into the future with ultimate off-the-breeze sailing. The unique hull is a combination of performance and style in a stable platform. Overall, it is a sailboat with superior downwind planing control.

Optimist - \$3,135.00

The Optimist is the most popular racing sailboat for juniors. It has been designed to be safe, durable and competitive. Each boat carries three flotation bags, ensuring a buoyant and easily right-able boat. The patented Plexus bonding agent connects the hull and deck to provide strength, stability and a watertight seal.

Pico - \$3,760.00

Built for family fun. The Pico is a fun, durable, confidence-inspiring, roto-molded boat that can be sailed by everyone. It's ideal for entry-level sailors and is equipped with a removable jib and reefing main sail for easy rigging.

Sunfish - \$4,565.00

The Sunfish is the most popular recreational sailboat in history. Its classic design, unmatched stability and sailing ease are enjoyed by all ages. The ultra-durable construction ensures years of maintenance-free enjoyment. Sailing trips are a breeze, just load the Sunfish on your car and go!

Sunfish Race - \$5,080.00

The Sunfish Race has all the features you love in a standard Sunfish, but also includes an outhaul, cunningham, race-sail with window and quick-release gooseneck upgrades.

Laser - \$6,025.00

Every Laser in the world is identical. The strict one-design class rules ensure this remains true, making it the sailor that wins the race, not the boat. It's a challenging boat that rewards athleticism, subtle steering & trimming techniques, as well as tactical excellence.

Laser Race - \$6,365.00

Laser racing is nothing less than one-design competition in its purest form. The Laser boasts a long list of veterans who are Olympic Medalists, America's Cup Helmsman, and Collegiate All-Americans. Laser racing provides competitors the opportunity to race against sailors at the national level and emphasizes the skills necessary for anyone who aspires to reach this level. It's no wonder the International Sailing Federation awarded the Laser Olympic status!

Hobie Kayaks

www.hobiecat.com

We are the only authorized dealer of Hobie Kayaks on Chautauqua Lake.

Mirage Oasis - \$2,749.00

Redesigned for 2011. Long, narrow and lightweight. These design elements define the completely redesigned Oasis® and give this kayak surprising performance-minded qualities, such as quick acceleration and an impressive hull speed, without sacrificing utility or hauling capacity. The new Oasis features three enclosed stowage areas and one large on-deck cargo area, dual steering controls, a roomy cockpit with

Mirage Sport - \$1,649.00

Diverse groups and agendas demand diverse options, and the versatile Hobie Sport plays to all audiences. The key is its movable seat, which can be placed fore or aft to accommodate kayakers of all heights and ability levels. Hobie's MirageDrive® system is standard, and the boat's stable design facilitates a variety of activities, from a leisurely afternoon pedal to a relaxing evening of catching zephyrs using the optional Sail Package.

Outfitter - \$2,649.00

Smooth, stable and built for two, the Outfitter is designed around a philosophy of utility, performance and ease-of-use. Onboard, little features such as molded utility trays, built-in drink holders, dual helm controls, or conveniently positioned rod holders make the Outfitter a pleasure to use, regardless of the destination. Whether it's a solo after-work session or a long weekend of float casting with a friend, the Outfitter boasts a wide, stable hull platform, dual MirageDrives® and ample stowage space to keep you well provisioned and properly organized.

Maui - \$849.00

Quick, stable, and fun best describe the Maui. But stackable is a fourth element that's especially important for families or groups. You'll be amazed at the space you can save by stacking boats, but more importantly, you'll be amazed at how much fun the Maui is to paddle. So whether your day's agenda includes surfing breaks, diving, or racing your friends and family back to the dock, the Maui gives you the ability to do it all.

Kona DLX - \$1,149.00

With room for two, plenty of stability and the nimble, spot-on performance normally found on a single-seater, the Kona is the perfect two-person paddleboat. Thanks to its clever design, the Kona pairs a short waterline with the width normally found on bigger boats, giving you a stable ride and snappy, on-a-dime maneuverability. And if your partner unexpectedly bails out on your paddling plans, the Kona easily converts to a single seater, preserving your options.

Outback - \$1,849.00

Whether it's work or play, the Outback boasts the functionality, stability and utility to get the job done. A wide hull provides form stability, allowing you to cast – or reel in the big one – without rocking the boat. The Outback features plenty of cargo and stowage space, and, thanks to its MirageDrive® system, your hands are free to tend to your photography, casting, or whatever else is on the day's "work list".

Quest 11' - \$949.00 ♦ Quest 13' - \$1049.00

The Hobie Quest combines two ancient arts – fishing and paddling – in this purpose-designed kayak. The Quest also incorporates a stable hull design and the features fishermen need: Covered bow and stern stowage compartments, ample space for coolers, tackle boxes or camping gear and molded-in rod holders. A large rear cargo area provides storage for extra tackle, crate systems, or a Hobie Livewell. Plus, the Quest can be fitted with Hobie's optional Twist and Stow rudder system, simplifying boat handling and allowing you to quietly approach choice casting grounds.

Adventure - \$2,049.00

A long waterline, a tidy beam and the ability to quickly cover ground typify the Hobie Adventure experience. This long, lean touring kayak allows you to fly through the water, and its deck's carefully positioned features, such as molded-in drink holders and mesh-covered stowage pockets, ensure a comfortable ride. New-model-year upgrades, such as a new rudder control and better lifting handles (compliments of the Tandem Island) make the boat even more of a pleasure to use, both on and off the water. The Adventure's speed, range, ample storage space and

Mirage Adventure Island Package - \$3,749.00

Fast, fun and versatile, the Hobie Mirage® Adventure Island gives you options. Unbolt the akas and amas and you have a super-quick, super-fun kayak; attach the new Aka II die-cast crossbars and ama side floats, step the sailing rig and you have a stable sailing craft whose seafaring heritage stretches back to the South Pacific. A roller-furling, vertically battened mainsail makes reducing sail a snap, and the MirageDrive® provides power when the wind is light or when you're kayaking. A daggerboard prevents lateral slip, an upgraded rudder and rudder assembly provides plenty of helm control in a breeze and the amas easily fold parallel against the hull to

Mirage Tandem Island Package - \$5,249.00

Looking for a super-fun multisport boat for two? Meet the Hobie Mirage® Tandem Island. In its most elemental form, the Tandem Island is a super-fast, two-person kayak. But attach the aka crossbeams, the ama floats and the two-piece carbon fiber rig and sailing kit (all included), and you and your partner will be flying across the water, powered by a roller-furling, boomless mainsail. Both cockpits have steering and sail-control lines, making the Tandem Island ideal for partners of all abilities. And the boat's generous storage space and carrying capacity means that your adventure potential is huge.

Mirage Pro Angler 12' OR 14' - \$2,549.00

Simply put, the Pro Angler is a no-nonsense fishing boat. The boat's fishing specific hull form offers great stability, and its deck design is packed with the essentials – from an easy-to-reach cutting board, to the adjustable Cool Ride Seat, to space for 13 Plano® tackle boxes – for hundreds of perfect days afloat. The Pro Angler carries six of your rods in its horizontal rod stowage area, and its voluminous bow and stern lockers and on-deck storage provide an impressive 600-pound payload. The perfect boat for all fishing environments, from farm ponds to lakes to the open ocean.

Mirage Inflatable i9S - \$1,649.00

Shy on space but big on ambition? The i9S delivers the sort of performance normally found in rigid boats, but with the convenience and portability of an inflatable hull. A wheeled travel case makes bringing the i9S with you easy. Store it at home or take it on your next vacation; the i9S stows neatly in a car, RV, or boat. The possibilities are endless.

Mirage Inflatable i12S - \$1,849.00

Looking for the range and capacity of a full-size rigid touring boat but without the storage and transportation demands? The i12S's wide hull makes for a stable ride, and its MirageDrive® delivers speed, all-day comfort and performance. An enclosed forward hatch and a large, above-deck storage area with Bungee tie-downs give you the capacity for anything, from an evening paddle to a multi-day adventure.

Revolution 11' - \$1,749.00 ♦ Revolution 13' - \$1,849.00

Fun meets form and function. Whether you're in need of a nimble kayak, a floating SUV, or an all-out dragster for casually racing your friends, the Revolution® is ready to play. Featuring a lightweight, low-drag hull shape, the Revolution is designed to accelerate quickly and maintain speed with minimal effort; above deck, it's designed for maximum hauling capacity. Three enclosed stowage spots (bow, midships and stern) and a generous stern cargo area facilitate everything from a quiet evening paddle to a multi-day adventure.

Grumman Boats
www.marathonboat.com

14' Grumman Utility V 20" Transom - \$3,065.00 - *Includes Painted Bottom*

Practical, durable and dependable define the Grumman Seneca Series. With their all-welded seams, heavy-duty extruded gunwales, transom caps and multiple longitudinal keels, these marine alloy aluminum boats are built "Grumman-tough". And aluminum is one of the lightest practical structural materials (something Grumman learned years ago in the aircraft industry). This makes your new Grumman lighter than a wood or fiberglass boat of comparable size so you'll go faster and farther on a gallon of gas. Lighter weight means easier towing, too. Less fuel. Less motor. Less wear and tear on your vehicle. All adding up to superior performance and value on and off the water. Whether you're a novice angler or you've been drowning worms for years, Grumman has the Seneca Utility V that's perfect for you!

14' Grumman Utility V- \$2,929.00

Grumman Double End Canoe - Includes Paddles

17' - \$1,279.00 13' - \$1,149.00

Tough as nails. Designed to last and perform, every Grumman® Canoe is hand-crafted from a special age-hardened, stretch-formed aluminum alloy substantially stronger than traditional alloys. • Each Grumman Canoe is hand riveted with specially-designed T-6 Alumilite rivets for maximum strength along gunnels, keels and ribs. The stretch-forming process permanently shapes the curves designed into the bow, stern and sides for maximum strength. • For added rigidity and unbeatable strength, Grumman Canoes use die-formed aluminum ribs and thwarts, and solid aluminum extruded gunnels.

17' Double-End

Whether you're out tackling a rushing stream or a glass-calm lake, a first timer or professional outfitter, a Grumman versatile double-ender is the right choice. Its wide beam and low profile gives

13' Double-End

stability and reduced wind resistance. And the double-ender is available in various light and standard weight models, 13 to 18 feet. A 17 ft. heavy-duty version is built specifically for camps and outfitters. Choose standard or shallow draft keels built to meet
